Easy. Practical. Clean.

Cleaning

Leifheit has a clear and superior solution to meet every challenge and household demand.

Our cleaning and care products are well thought-out, and many can be combined offering flexibility.

For surfaces that are sensitive and require special attention, we offer specific systems for gentle and effective cleaning. Our variety allows for smooth and easy working, requiring reduced effort and without the need to bend down or for hands to become dirty.

SOEHNLE

Passion for Precision

Passion for Precision

for more than 155 years

Ever since it was founded by the Swabian entrepreneur Wilhelm Soehnle in 1868, the Soehnle brand has focussed on ease of use, innovative technology, first-class product quality and contemporary design. Today, 155 years later, the German quality brand is one of the leading suppliers of bathroom and kitchen scales and enjoys a high level of recognition and satisfaction among consumers. Precise measuring, weighing and analysing is our expertise. This is what our brand stands for. And that is our passion - day after day.

With a coherent range of modern kitchen scales, personal scales and body analysis scales, supplemented by the Soehnle MyScale app, the

Soehnle brand covers the needs of the relevant consumer target groups.

Our products specifically support people in staying fit and consciously living healthier lives. Innovative, intelligent body analysis scales enable precise measurements of important body values and even analyse the respective results. With the Soehnle Connect app, these values can be easily and clearly transferred to a smartphone and used for comprehensive long-term development monitoring. Our precise kitchen scales, which measure to the nearest gram, also support a balanced and conscious diet - the basis for a healthy lifestyle.
